Financial Report:

Please see the account sheet for this year so far.

As mentioned earlier, when we first started back, people were putting an extra pound in here and there to make sure that we had enough money (Indicated on balance sheet as “Extra”), but now with membership levels returning to a good level, we are actually making money now, and we have a good buffer, and we can start thinking of buying music, should we feel a certain song is worth it, or put some towards advertising or such.

As of 1st October 2021, our balance is £143.19
